EX-GOV. CARTER OWNS A CAMPING AUTOMOBILE

Ex-Governor Carter received on the Siberia a new \$6000 Welch automobile which is the first of the make to be seen here. It is a 40-horsepower machine, carrying seven passengers, and is regarded by Mr. Blackwell, the chauffeur, as one of the best machines made. It was selected at Pontiac, Michigan, by Mr. Carter's brother-in-law. It is the type of machine in general use by millionaires in the East. The system of retiring the wheels is novel. The wheels are made with detachable rims and tires so that a new rim with tire attached can be quickly substituted for a punctured tire.

Another feature is that it is equipped with a complete camping outfit. The rear portion is made in such a manner that this equipment can be carried. It is provided with hermetically sealed tins of meats and other edibles. The machine is painted red and has such a brilliant gloss that one's face is reflected several feet away.
